REPORT OF THE NORFOLK COUNTY ROAD SYSTEM

To the Warden and Members of the County Council of the County of Norfolk.

Gentlemen: I hereby beg leave to submit to you my twenty-ninth annual report on the Norfolk County Road System.

The estimates as submitted to and approved by the County Council at the 1945 May session were in the main part carried out.

The following is a schedule of the work proceeded with:

Road No. 1	Retreatment	2	miles	cost \$	1163	59
Road No. 2	Retreatment	1.5	miles	cost	694	64
Road No. 3	Mulch	.7	miles	cost	2462	84
Road No. 4	Widening and Fencing	2	miles			
	Grading	.75	miles	cost	5280	83
Road No. 5	Tar Stabilization	1	mile	cost	5210	41

Due to continuous wet weather it was impossible to complete this work. It will probably be necessary to scarify the top 2 or 3 inches and reshape the same.

Road No. 7	Retreatment	4.7	miles	cost	3114	33
	Mulch	.2	miles	cost	1134	63
	Stabilization	1	mile	cost	5210	41
Road No. 9	Retreatment	9.3	miles	cost	6455	82
	New Mulch	1.25	miles	cost	7063	52
	Mulch Patch	.2	miles	cost	1294	59
Road No. 11	Grading, Gravelling, etc.	1.8	miles	cost	8315	97
	Retreatment	.8	miles	cost	641	40
Road No. 13	Retreatment	1	mile	cost	602	49
	Mulch Patch	.4	miles	cost	1584	71
Road No. 14	Mulch Patch	.3	miles	cost	2098	37
Road No. 15	Retreatment	3.8	miles	cost	1474	70
	Mulch Patches	1	mile	cost	3855	35
Road No. 17	Mulch Patch	.4	miles	cost	2002	21
Road No. 20	Gravelling			cost	3849	18

The General Maintenance work on the County Road System was carried on under Peter Bauslaugh and Walter Swick, County Road Foremen. The total cost of general maintenance was \$43,249.62 plus \$389.14 on County Bridges on Boundary Lines. Of this amount \$12,551.92 was for snow removal — this amount was from Jan. 1, 1945, but the account for December 1944, amounted to \$3,166.80 making a total of \$15,718.-72. This amount is three times as had been paid for any previous winter since the Road System was inaugurated.

I regret to report that the condition of our roadsides are not up to the standard they were some years ago. A large amount of brush and scrub trees have grown up in the ditches and on the roadsides due to lack of sufficient labour during the war period. An effort will be made again to reduce this condition. During the past year \$8,679.45 was spent in brushing, weed cutting and weed spraying. Approximately 90 miles was sprayed. The County now has 175 miles of black top roads. 1,000 tons of patch material was used in patching all small holes in the system, or approximately 6 tons to the mile. This, I consider very satisfactory.

In 1943 the Department of Highways requested the County Council to submit to them a Post War Program for work on the County Road System. The Council appointed a special committee to investigate the conditions of the County Road System and to bring in a report for a post war program. The Committee brought in a report at the November session, 1943 and the same was adopted by the County Council and forwarded to the Department of Highways.

In case your honourable body might consider proceeding with part of this program during the coming year, I have made a careful survey of the whole of the County Road System during the past few months and submit the following report on the various roads of the System.

Road No. 1 Courtland, to the west boundary of the Township of Houghton. The mulch portion in the Village of Courtland is narrow and in poor condition. West of Mabee Corners the surface is narrow and weak, the mulch having been laid in 1931.

Road No. 2 From La Salette to Waterford. This road is in good condition with the exception of 3 miles east of Windham Centre where there are still many corduroy logs to be removed, also a narrow bridge over the Waterford Pond.

Road No. 3 Waterford to Nober. Two miles of this road between Townsend Centre and Villa Nova is narrow, 2 small bridges east and west of Villa Nova are narrow, the bridge at Townsend Centre is also narrow. Some underdrainage west of Townsend Centre is required.

Road No. 4 Mabee's Corners to Provincial Highway No. 19. Grading was commenced during 1945, approximately one mile of gravel road in fair condition, balance of road unimproved.

Road No. 5 Town-line between Walsingham and Houghton from Road 7 to Road 9. Gravel road in poor condition, with the exception of 1 mile at north end where stabilization has been done. About 2 miles of regrading and some underdrainage is required at the south end of the road as well as two small bridges.

Road No. 6 From Provincial Highway No. 6 to the east boundary of Woodhouse. Surface of this road is narrow, stone base with surface treated with tar, requires widening, with three narrow structures.

Road No. 7 From Simcoe westerly, passing through Woodhouse, Charlotteville, North Walsingham and passing southerly through Houghton to Houghton Centre. With the exception of 2.25 miles in Charlotteville this road is in good condition from Simcoe to Fairground. One mile of stabilization south of Fairground laid in 1945, will require some attention this year. One small bridge south of Fairground is in bad condition, as is 2.5 miles of gravel road north of Houghton Centre.

Road No. 8 From Road No. 1 to Road No. 9, passing through S. Middleton, Langton and Walsingham Centre. Four miles of this road, north and south of Langton, the grade surface is narrow; two corners at South Middleton need improving, and some of the double surface treatments require strengthening with mulch.

Road No. 9 From Provincial Highway No. 24 in Woodhouse passing through Woodhouse, Charlotteville, South Walsingham to the west boundary of the Township of Houghton. This road consists of various types of tar roads and approximately 10 miles of gravel road in poor condition in the Township of Houghton. From Hay Creek Bridge in Woodhouse to the east town line of Charlotteville, there is a double surface treated road laid in 1933. This will require a mulch surface. The next mile in Charlotteville to the top of the hill east of Vittoria is a 1928 and 1929 mulch and needs a mulch treatment to take out the high crown and even up the surface. Just east of Vittoria there is a narrow bridge which creates a bottleneck in the road. More underdrainage is required west of Vittoria. The road from Forestville to St. Williams requires a mulch surface as the gravel foundation is weakening. Considerable underdrainage is required west of St. Williams. The road north and west of Port Rowan is narrow. From the east town line of Houghton to Hemlock there is 10 miles of gravel road. Considerable underdrainage is required from the east town line to Clear Creek before a hard surface can be applied, and some widening is also necessary. A bad hill condition and narrow bridge exists at Clear Creek. From Clear Creek to Hemlock the gravel road is in very poor condition.

Road No. 10 From Provincial Highway No. 3 to Road 7 and from Road 7, the town line between Charlotteville and Walsingham to Road No. 9. The greater part of this road is a double surface treatment and will have to be strengthened with mulch as the gravel base becomes weakened.

Road No. 11 From Provincial Highway No. 3, to the top of Turkey Point Hill. The road from No. 3 Highway to Road 7 is an unimproved road. From County Road No. 7 four concessions have been graded during 1944 and 1945 and some gravel has been applied. Some of this portion could be stabilized and on the balance a mulch could be applied. South of this to Road 9 is one Concession of an unimproved road. South of Road 9 to Turkey Point is a hard surfaced road.

Road No. 12 From Road No. 9 to Port Ryerse. The north half of this road is a double surface treatment. The south part to the top of the hill at Port Ryerse has been mulched. A gravel road exists to the Bridge over Young's Creek on which some grading and graveling is needed. The Bridge is in a bad state of repair and is narrow.

Road No. 13 From the west boundary of the Township of Windham easterly through Bookton, thence easterly and northerly to Kelvin. This road is in fair condition. Some of the double surface treatment will need a mulch application. There is a narrow bridge at Bookton.

Road No. 14 From Delhi north-easterly to the north boundary of the Township of Windham. The greater part of this road is double surface treated area, some mulching will be needed. One concession south of Vanessa is a narrow surface, 1928 mulch. From Road No. 16 northerly are 2 miles of unimproved road.

Road No. 15 From the north boundary of the Township of Townsend southerly to Renton and from Renton through Woodhouse to Port Dover. The greater part of the road in the Township of Townsend is a narrow mulch and the grade is narrow. Some underdrainage is also needed. The part in Woodhouse needs considerable mulching and there are two narrow bridges.

Road No. 16 From No. 3 Highway northerly to Windham Centre to Road No. 13. From No. 3 Highway to Windham Centre is an old mulch and is narrow. The 2nd Concession north of Windham Centre is narrow. The balance of the road is a double surface treatment and mulch at the north end. The bridge at Teeterville is narrow.

Road No. 17 From Highway 24 easterly to Bealton thence southerly to Villa Nova. This road is in fair condition but will require some additional mulch. Two narrow culverts exist between Bealton and Villa Nova.

Road No. 18 From Highway No. 24 northerly on the Town Line between Windham and Townsend to Road No. 2. This road is an old mulch. It is narrow with one narrow culvert.

Road No. 19 From Cedar Street in Simcoe westerly to No. 3 Highway. Concrete pavement. The curve needs banking.

Road No. 20 The road between the Township of Townsend and Six Nations Reserve. This is a gravel road. The south portion is graded to standard while the north portion is narrow in places. The bridges at Victoria Mills are narrow.

In addition to the above roads there are the boundary line bridges which come under the Highway Improvement Act. These bridges are all narrow and some in a poor state of repair.

The Austin Western M 99 was delivered to the County in April. Since that date until the end of December this machine has worked 1676 hours for the County and other municipalities within the County and has given satisfaction. The snow plow for this machine was delivered Jan. 3, 1946 but the wing has not yet been delivered.

THEREFORE THE COUNCIL OF THE CORPORATION OF THE COUNTY OF NORFOLK hereby enacts as follows;

1. The Warden and Treasurer are hereby authorized on behalf of the Corporation to borrow from time to time by way of promissory notes from the Bank of Montreal, or from such other source to the best interests of the County, a sum not exceeding in the aggregate \$286,000.00 to meet, until the levies are collected, the current expenditures of the Corporation for the year, including the amounts required for purposes mentioned in sub-section (1) of the said section 339, and to give on behalf of the Corporation to the Bank or other persons a promissory note or notes, sealed with the Corporate Seal and signed by them for the moneys so borrowed with interest at the rate not exceeding four per cent. (4%) per annum, which may be paid in advance or otherwise.

2. All sums borrowed from the said Bank or other sources for any or all of the purposes mentioned in said section 339, shall, with interest thereon, be a charge upon the whole of the revenues of the Corporation for the current year and for all preceding years, as and when such revenues are received.

3. The Treasurer is hereby authorized and directed to apply in payment of all sums borrowed pursuant to the authority of this By-Law, as well as all other sums borrowed in this year and any previous years from the said Bank or any other persons for any and all of the purposes mentioned in said Section 339, together with the interest thereon, all of the moneys hereafter collected, or received on account or realized in respect of the levies for the current year and preceding years, and all the money collected or received from any other source, which may lawfully be applied for such purposes.

PASSED in open Council this 16th day of January A.D. 1946.

Clerk.

EDWIN HILL,
Warden.

BY-LAW NO. 843

A By-Law to provide for the total expenditure on the system of county roads in the County of Norfolk.

WHEREAS the Highway Improvement Act, Chapter 56 R.S.O., 1937, and amendments, requires that the total expenditure on county roads and bridges be provided for annually by county by-law.

THEREFORE THE COUNCIL of the Corporation of the said County of Norfolk enacts as follows;

(1) The sum of \$50,000.00 is hereby appropriated from monies raised by levy, debentures and government subsidy, for expenditure upon construction on the said system during the year 1946.

(2) The sum of \$161,963.80 is hereby appropriated from monies raised by levy and government subsidy for expenditure upon maintenance and repair of the roads in the said system during the year 1946.

(3) The said monies shall be expended under the direction of the duly appointed county road superintendent and on work performed in accordance with The Highway Improvement Act.

(4) The clerk shall transmit duplicate copies of this by-law to the Municipal Roads Branch, Department of Highways of Ontario, for approval on or before the 31st of January of the present year.

PASSED at Simcoe, Ont., this 16th day of January, A.D. 1946.
